

Airlec Property Services

Airlec Property Services is committed to excellent building and maintenance services. As registered builders with a diverse team of licensed trades people, we will ensure that your premises benefit from the best maintenance solution possible.

Our team includes:

- **licensed electricians;**
- **plumbers;**
- **carpenters; and**
- **practically every other trade.**

Airlec Property Services handles every kind of construction and maintenance related issue. We are proud to be the maintenance company of choice for some of Australia's best-known property management companies, such as LJ Hooker, The Professionals and Raine & Horne. We are also responsible for maintaining properties for major organisations such as YHA, Wesfarmers and Western QBE.

Airlec's strong company growth reflects the efficacy of our commitment to customer relationships. Specifically, our three-tier management philosophy, comprising of Communication, Structured Meeting Formats and Systemised Reporting has been integral to offering excellence in service and delivery.

Apart from being experts at providing effective building and maintenance solutions, we also fit out shops and can create refurbishments according to your specifications.

Our teams are not only flexible by trade and service offering, we also service the greater metropolitan area and some regional centres. We offer experience no matter what the job requires or where it takes us.
